

# Graphic Designer

---

**Discipline:** Graphics  
**Location:** Bergamo, IT  
**Job ID:** JOB05 – Graphic Designer

## 1. Overview of work

Studio Iorio is an independent firm of designers, engineers, consultants and technical specialists offering a broad band of professional services. Studio Iorio has designed the structures of some of the most challenging and innovative national and international projects. We offer our services individually or as part of a multi-disciplinary team, on projects ranging from new construction to renovation of historic buildings. Among the most recent projects, we designed the structures of Isozaki Tower within the neighborhood of Ex Fiera Milano and the auditorium “Parco della Musica” of L’Aquila, designed by Arch. Renzo Piano.

If your application is successful, you will be working with the management team in the promotion of company image and branding. You will have the opportunity to work on a variety of challenging projects in a multidisciplinary context. Our ideal candidate will be resourceful, curious, innovative and a good team player. Minimum 3 years experience in a similar role is required.

## 2. Job description

The ideal candidate will have the opportunity to participate in the branding company activities and will produce high level work. His main responsibilities will be:

- refer to the management team of the company;
- work together with our project managers to provide expert support to the promotion of the image of the firm;
- prepare graphics solutions unique, original and innovative;
- promote the brand across all major multimedia and on paper supports ensuring compatibility with all operating systems;
- prepare all the needed contents for the branding activities reworking CAD drawings, tridimensional models, representations and other documentation related using graphics software;
- reviewing the branded products to assure uniformity of design language.

## 3. Job requirements

- master’s degree in Graphic Design, Visual Communication and Multimedia or Industrial Design;
- excellent technical and organizational skills and a professional approach;
- excellent knowledge of Adobe Creative Suite;
- knowledge of Premiere Pro, Flash, HTML5, SketchUp and After Effects;
- good knowledge of AutoCAD;
- excellent ability of hand drawing;
- excellent knowledge of design elements and composition;
- ability to anticipate, identify and address the needs of management by proposing effective alternatives;
- strong communication skills at all levels;
- demonstrated ability to work in a team oriented environment;
- ability to work under pressure and meet strict deadlines;
- highly motivated, proactive and willing to meet new challenges;
- flexibility in an environment with frequent changes in deadlines.
